

At Ferrada Wheels, we're dedicated to realizing our vision of elevating automotive performance through innovative design. And it is this clarity of vision that has stood us in good stead over the years, allowing our brand to stand the test of time and our wheels to exceed even the highest client expectations.

We take great pride in the warranty we offer our clients

Our warranty is an unequivocal statement of confidence in the quality of our wheels, which go through the highest standards of testing and quality control, yielding a range of far superior products that we're proud to brand Ferrada. This stringent process of extensive testing and inspection is the reason why we're able to provide a lifetime structural warranty in the event of a structural failure caused by a manufacturer defect – proof that we stand behind our workmanship, 100%. Each individual wheel is subject to intense inspection by our manufacturer prior to packaging, as well as a secondary inspection prior to customer shipment in order to guarantee perfection in our product.

Customer satisfaction is our priority, and it's important to us that we exceed your expectations in every way. Thank you for your purchase. We trust that you will enjoy your new set of Ferrada wheels.
